Certificate schedule

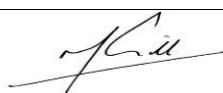

UNIT (S) OF CERTIFICATION

Definition: Target stock(s) combined with the fishing method/gear and practice (including vessel type/s) pursuing that stock, and any fleets, or groups of vessels, or individual fishing operators that are covered by the MSC fishery certificate. Note that other eligible fishers may also be included in some Units of Assessment but not initially certified (until covered by a certificate sharing arrangement).

Species:	This species has a number of common names: Greenland Prawn / Cold Water Prawn / Northern Prawn / Northern Shrimp (<i>Pandalus borealis</i>)
Geographical area:	West Greenland
Method of capture:	Shrimp trawl using otter boards
Stock:	West Greenland Prawn Greenland Waters within NAFO Division 0A (east of 60° 30' W) and Divisions 1A - F
Management System:	Greenland Government, Department for Fishery, Hunting and Agriculture.
Client Group:	All Greenland fishers and fishing companies holding a licence for the West Greenland prawn fishery and EU vessels licensed in accordance with the Greenland-EU fisheries agreement.

Other Eligible Fishers:	None

THE POINT(S) AT WHICH FISH AND FISH PRODUCTS MAY ENTER A CHAIN OF CUSTODY

This certificate extends to the first point of sale. Product from the eligible members only is authorised to enter into MSC Chain of Custody certifications programmes.

The limit of identification of landings is the landing of *Pandalus borealis* by member vessels at recognised ports where appropriate recording and monitoring of landings takes place. *Pandalus borealis* products landed by any of the vessels owned by any of the member companies are eligible to enter further CoCs. Companies buying directly from this fishery are required to have CoC certification. Any companies buying from the vessels owned by any of the member companies must also seek CoC certification in order to sell product as MSC.

Pandalus montagui has been identified as an IPI stock and, as such, has been assessed and is considered eligible to enter further chains of custody. As long as the proportion of *Pandalus montagui* does not exceed 2% then product will be eligible to carry the MSC logo.
