

This is to certify that the:  
**Greenland Cod, Haddock and Saithe Trawl Fishery**

**Has been certified as compliant with the Marine  
Stewardship Council (MSC) Fisheries Standard**

The client for the fishery is:  
**Sustainable Fisheries Greenland  
c/o Jens Kreutzmannip Aqq. 7  
3900 Nuuk  
Greenland**

This certified fishery, as defined in attached schedule, has the right to claim that it is a “Well Managed and Sustainable Fishery” in accordance with the MSC’s Principles and Criteria for Sustainable Fishing

## Certificate schedule

### UNIT (S) OF CERTIFICATION

Definition: Target stock(s) combined with the fishing method/gear and practice (including vessel type/s) pursuing that stock, and any fleets, or groups of vessels, or individual fishing operators that are covered by the MSC fishery certificate. Note that other eligible fishers may also be included in some Units of Assessment but not initially certified (until covered by a certificate sharing arrangement).

#### UoC 1

Species:	Cod ( <i>Gadus morhua</i> )
Geographical area:	ICES Subareas I and II: within Norwegian and Russian EEZ and International Waters.
Method of capture:	Demersal Trawl
Stock:	North East Arctic cod stock in the Barents Sea.
Management System:	Joint Russian-Norwegian Fisheries Commission and Russia: Barentsevo-Belomorskoe Territorial Department of the Federal Agency for Fisheries of the Russian Federation, Murmansk. Norway: Fiskeridirektoratet, Bergen (Fisheries Directorate)
Client Group:	Sustainable Fisheries Greenland

Other Eligible Fishers:	none
-------------------------	------

Authorising signatory:

Managing Director, Acoura Marine

Fishery name: Greenland Cod, Haddock and Saithe Trawl Fishery  
Valid certificate number: F - ACO – 0050 [Preceding certificate number MML – F – 186]  
Certificate valid from: 08/DEC/2015  
Certificate expiry: 04/MAY/2020  
Certificate identifier: F0812151117

## THE POINT(S) AT WHICH FISH AND FISH PRODUCTS MAY ENTER A CHAIN OF CUSTODY

All catches from the Barents Sea are unloaded outside Greenland (Iceland, Norway, Faroe Islands, Denmark), meaning that they are subject to IUU-procedures.

Sustainable Fisheries Greenland and its component companies, Arctic Prime, Polar Seafood and Royal Greenland would be eligible to use this fishery certificate. These companies own the vessels and therefore at the point of landing retain ownership of the product. At the point of onward sale by these companies the product would be eligible to enter further certified chains of custody.

For Polar Seafoods, the first point of sale is at the point of landing when Polar Seafood Denmark A/S buys the entire catch, invoices are issued, and the catch shipped to cold stores. The CoC-certificate of Polar Seafood Denmark A/S applies to the products being landing from this fishery. Associated companies Polar Seafood Berlevåg and Polar Seafood Norway have CoC certificates, but are not involved in this fishery.

For Arctic Prime the vessels berth in Norway or Iceland and products are transferred to a cold store, put onto trucks or into containers for customers.

The Royal Greenland vessel may land in Denmark, Norway or the Faroes. Royal Greenland may undertake further processing at its processing facilities, which are subject to separate chain of custody assessment.

No Inseparable or Practicably Inseparable stocks are included in this certificate.
